## COACHING OFFERS

### Would you like coaching in the following areas:

decision-making concerning your vocational training, skill retraining, internship, university studies or the continuation of a (working/professional) career in Germany? If you are a person with a migration background who seeks to integrate into German society, it may be challenging to find your way around these important questions on your own.

**Don't worry! At JobCoaching, we developed special services tailored to you.**

### These services include:

- Job coaching in English by well-trained English speaking coaches
- Analysis of your personal and professional competencies and potentials
- Assistance in applying for evaluation of completed training
- Research and development of suitable career opportunities tailored to your personal circumstances, needs and wishes.
- Support in the search for training places, further education or skill retraining
- Development of application documents, application strategies and presentation techniques

Our coaching module comprises 32 lessons and can be booked free of charge with an activation and placement voucher (AVGS) from the employment agency or from the job center.

**Please contact us, we will be happy to help!**
